PREFACE

This Handbook sets forth in two parts, the following information for the guidance of users of the NASA Management Directives System.

PART A: MASTER LIST OF NASA MANAGEMENT DIRECTIVES in force as of August 1, 1982.

Chapter 1 contains introductory informative material on how to use this Handbook. Chapter 2 is a complete master list of agencywide management directives, describing each directive by type, number, effective date and organization code of the office responsible for the directive. Chapter 3 includes a consolidated numerical list of all delegations of authority and a breakdown of such delegations by the office or installation to which special authority is assigned. Chapter 4 sets forth a consolidated list of all management Handbooks (NHB's) and important footnotes on the availability of such documents. Chapter 5 is a consolidated list of NASA Management Directives applicable to the Jet Propulsion Laboratory. Chapter 6 is a consolidated list of NASA management directives published in the Code of Federal Regulations. Complementary manuals to the NASA Management Directives System are described in Chapter 7. Chapter 8 contains a listing of NASA safety standards.

PART B: INDEX TO NASA MANAGEMENT DIRECTIVES in force as of August 1, 1982.

This Part contains an in-depth alphabetical Index to all NASA management directives other than Handbooks. NHB's 1610.6, 1620.3, 1640.4, 1900.1, 5103.6, 7121.4, and 7400.1 are indexed in depth. All other NHB's are indexed by titles only.

To make this Handbook as useful as possible, employees are encouraged to submit entries for inclusion in the Index. Such entries should be submitted on plain paper in the format described on the last page of this Handbook. Originators of directives should make sure that titles of directives contain key words that will assist in proper indexing.

Comments and suggestions are invited and should be submitted to the Directives Officer (Code NIM), NASA Headquarters.

NHB1410.4EE dated February 1, 1982, is canceled.

PART A

CHAPTER 1: INTRODUCTION; CHECKING AND ORDERING OF NASA MANAGEMENT DIRECTIVES

100 INTRODUCTION

1. NASA MANAGEMENT DIRECTIVES SYSTEM

Part A of this Handbook sets forth the MASTER LIST AND INDEX OF NASA MANAGEMENT DIRECTIVES as of August 1, 1982, which:

- a. Is to be used for ordering agency directives from and within NASA Headquarters.
- b. May be used as a check list (see paragraph 102).

This Handbook does not cover installation directives.

2. BREAKDOWN OF CHAPTERS

To facilitate locating specific NASA management directives, this document is designed as follows:

Chapter 1: Introduction; Checking and Ordering of NASA Management Directives.

Chapter 2: A complete numerical list of all NASA management directives in force as of August 1, 1982, by major subject groupings; showing number, effective date, title, responsible office and distribution code. For distribution codes, see paragraph 101.3.

Chapter 3: This chapter sets forth, in two sections, those delegations of authority in print as of August 1, 1982.

Section I: Complete numerical list.

Section II: Breakdown of delegations of authority by offices/installations to which certain authority is assigned.

Chapter 4. Consolidated numerical list of all NHB's. This list includes important footnotes covering the control and ordering of NHB's.

Chapter 5: Consolidated list of NASA management directives applicable to the Jet Propulsion Laboratory.

Chapter 6: Consolidated list of NASA management directives which have been published in the Federal Register. This list shows their respective Code of Federal Regulation citations.

Chapter 7: Consolidated list of NASA complementary manuals and the Headquarters offices responsible for them.

Chapter 8: Consolidated list of NASA safety standards.

3. REDUCTION IN QUANTITY OF NHB's PRINTED

Based on the reduction in printing funds, NASA NHB's are no longer printed in large quantities. Also surcharge printing cost is rarely authorized. Therefore, it takes 10 to 12 weeks in many cases to print NHB's. Public requests for those NHB's listed in Chapter 4 as being available from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402, or National Technical Information Service, Springfield, Va. 22161, should be referred to those sources.

101 DISTRIBUTION

1. TO FIELD INSTALLATIONS

- a. *All NASA Directives except NHB's.* Except for NASA handbooks (NHB's), NASA directives are distributed in bulk to field and component installations based on the requirements furnished by each Installation Directives Manager and approved by the Directives Section, Records Management Branch.
- b. *NASA Handbooks (NHB's)*
 - (1) The initial quantity of NHB's distributed to the field is determined by the Directives Section, Records Management Branch, in conjunction with the Headquarters originating office, based on need-to-know, content and coverage of the handbook and, when time permits, field responses to inquiries concerning the handbook. NHB's for each employee are not authorized except for the handbook, "Standards of Conduct" (NHB 1900.1).
 - (2) Field installations should not use installation automatic distribution lists for automatic internal dissemination of NHB's. Such distribution may result in overdistribution to offices not having a need for the publication and an unnecessary depletion of stock. Each NHB is screened for its application and distributed only on a need-to-know basis and any Headquarters requirements stated in the Preface.
 - (3) For those NHB's invoked in requests for proposals (RFP's) and contracts, the quantity now printed is greatly reduced because of printing costs. Therefore, it is essential for the installation procurement offices to abstract from these NHB's only such portions as apply to a given RFP or contract action in lieu of handing out copies of NHB's. These NHB's generally are placed on sale to the public through the Government Printing Office.

2. TO HEADQUARTERS OFFICES

- a. Except for NHB's, NASA directives are distributed to Headquarters organizational element mail codes only, based on the quantity requested and approved. Complete sets of directives should be maintained only where essential.
- b. NASA NHB's are not automatically distributed to all Headquarters organizational elements; they are distributed only to those offices having a need-to-know or use for the documents

3. ESTABLISHED DISTRIBUTION LISTS

a. The following is a list of the Standard Distribution Lists which are used in distributing NASA directives.

SDL

Dissemination To

1

All field and component installations and all Headquarters Offices needing NASA directives.

DU

Office of Personnel Management and National Offices of Unions.

b. Because no NHB is distributed automatically in fixed quantities, the identification "SDL 1 (SIQ)" means distributed in "Special Irregular Quantities."

102 USE OF CHAPTER 2 AS A CHECK LIST

All organizational elements in an installation (Headquarters and field) do not maintain complete sets of all NASA directives. In addition, there is a period between the cutoff date for preparing this handbook and the time you receive it. During this period directives listed may have been revised or canceled or new ones issued which are not listed. Therefore, if you use Chapter 2 as a Check List, the following rules must be applied:

1. Verify the dates of directives as you check. Any directive dated after August 1, 1982, would be either a revision (indicated by a new or different letter suffix) or a new directive which would not be listed; any directive not listed was canceled by either another directive or a cancellation notice.
2. Verify separately the office copies of NHB's on a need-to-know basis only; just because they are listed showing "SDL 1 (SIQ)" does not mean your office should have one. They are distributed to various offices in an installation only on a need-to-know basis.

103 ORDERING DIRECTIVES

1. FIELD INSTALLATIONS

- a. Installation Directives Managers will submit NASA Form 2 for copies of NASA directives to the Goddard Space Flight Center, Greenbelt, Md. 20771, Attn.: Code 232.2/Receiving Officer, for NASA directives of 10 copies or less except for those NHB's controlled by other offices as indicated by footnotes in Chapter 4 or in the Headquarters Weekly Bulletin.
- b. All requests for directives in excess of 10 copies, and changes in standard quantities of directives will be submitted by memorandum to the Directives Section, Records Management Branch, for approval.

- c. Requests for controlled NHB's will be submitted by memorandum direct to the cognizant office.
- d. All routine requests for NASA directives will be consolidated and submitted monthly. Emergency requests may be made by telephone or TWX.

2. HEADQUARTERS OFFICES

- a. All requests for 10 or less copies of NASA directives (except controlled NHB's) will be obtained from the Goddard Space Flight Center, Greenbelt, Md. 20771, Attn.: Code 232.2/Receiving Officer.
- b. All requests for quantities in excess of 10 copies will be submitted to the Directives Section, Records Management Branch.
- c. All requests for changes to distribution lists will be submitted to the Directives Section, Records Management Branch.
- d. All requests for additional copies of controlled NHB's will be submitted directly to the office controlling the document as stated in Chapter 4 or in the Headquarters Weekly Bulletin.

3. NASA COMPLEMENTARY MANUALS

The following publications are complementary manuals to the NASA Management Directives System, but they are not controlled by the Directives Section, Records Management Branch. See Chapter 7 for ordering these publications.

NASA Procurement Regulation (NHB 5100.2)

NASA Grants and Cooperative Agreement Handbook (NHB 5800.1)

NASA Financial Management Manual

Footnotes for Ordering

1. Controlled distribution, changes issued periodically, submit requests to Installation Directives Officer (for Headquarters to Code NIM-12)
2. Available to the public from the Superintendent of Documents, Government Printing Office, Washington, D C 20402
3. Under control of Procurement Office, NASA Headquarters
4. Limited distribution (Installation Chief Counsel): With a few exceptions, the full texts of decisions of the NASA Board have been published by Commerce Clearing House Inc in "Board of Contract Appeals Decisions." Copies of Board Decisions and Orders including those which have not been published by CCH, are available to the public for reference purposes at the NASA Information Center at each installation. Under control of Board of Contract Appeals
5. Limited distribution, under control of Budget Operations Division, NASA Headquarters
6. Limited distribution: Copies of Board decisions are available to the public for review or purchase at the NASA Information Center at each installation. Under control of Contract Adjustment Board
7. Under control of Expendable Launch Vehicles Program, NASA Headquarters
8. Available to the public from the National Technical Information Service, Springfield, Virginia 22161
9. Limited distribution, under control of Public Services Branch, Public Affairs Division, NASA Headquarters
10. Under control of Industrial Relations Office
11. Under control of NASA Safety Office (NIG)
12. Under control of Financial Management Division (BF)
13. Under control of Headquarters Administrative Services Branch (NHS)
14. Under control of General Counsel for Patent Matters (GP)
15. Under control of Employee Development Section (NPH)
16. Under control of Life Sciences Division (EB)
17. Under control of the Transportation and Aircraft Branch (NIB)
18. Under control of the Management Processes Branch (NSM)
19. Under control of the Administration and Resources Management Division (EP)

CHAPTER 7: COMPLEMENTARY MANUALS TO THE NASA MANAGEMENT DIRECTIVES SYSTEM

This Chapter sets forth a list of the complementary manuals to the NASA Management Directives System and their availability.

1. a. NASA PROCUREMENT REGULATION (NHB 5100.2)
- b. NASA GRANT AND COOPERATIVE AGREEMENT HANDBOOK (NHB 5800.1)

Under the cognizance of the Procurement Policy Division, Office of Procurement, requests should be submitted as follows:

- (1) *For all Changes to Distribution Lists*: To Procurement Policy Division, Office of Procurement, NASA Headquarters.
- (2) *For Additional Copies*
 - (a) *Field Installations*: To the Goddard Space Flight Center, Greenbelt, MD. 20771, Code 232.2
 - (b) *Headquarters*: To the Goddard Space Flight Center, Code 232.2

Available from Superintendent of Documents, Government Printing Office, Washington, D.C. 20402, and also published in the Federal Register; see Chapter 5.

2. FINANCIAL MANAGEMENT MANUAL. Under the cognizance of the Financial Management Division, Office of the NASA Comptroller. Requests should be submitted as follows:
 - a. *For All Changes to Distribution List*: To General Financial Systems Branch, Financial Management Division, NASA Headquarters.
 - b. *For Additional Copies*
 - (1) *Field Installations*: To the Goddard Space Flight Center, Greenbelt, Md. 20771, Code 232.2.
 - (2) *Headquarters*: To the Goddard Space Flight Center, Code 232.2
3. NASA SUPPLEMENT TO FEDERAL PERSONNEL MANUAL. Under the cognizance of the Program Planning and Administration Unit, Personnel Programs Division. Requests should be submitted as follows:
 - a. *For All Changes to Distribution List*: To Personnel Policy and Program Management Branch, NASA Headquarters.
 - b. *For Additional Copies*
 - (1) *Field Installations*: To the Program Planning and Administration Unit, Personnel Programs Division, NASA Headquarters.
 - (2) *Headquarters*: To the Program Planning and Administration Unit, Personnel Programs Division, Code NP-28.

CHAPTER 8: NASA SAFETY STANDARDS

SAFETY STANDARD NO.	TITLE
NSS/HP 1740.1	NASA Aerospace Pressure Vessel Safety Standard
NSS/MV 1740.2	NASA Safety Standard for Motor Vehicle Safety Belts
NSS/FS 1740.3	NASA Safety Standard for the Fire Protection of Essential Electronic Equipment Operations
NSS/HP 1740.4	NASA Medium Weight Pressure Vessel Safety Standard
	NASA Safety Standard for Color Coding Firefighting and Emergency Vehicles
NSS/MV 1740.6	NASA Safety Standard for Inflating Tires with Split Rim and/or Retainer Rings
NSS/FS 1740.7	NASA Safety Standard for Handlers of Hazardous Materials
NSS/GO 1740.8	NASA Safety Standard for Certification of Personnel Engaged in Potentially Hazardous Operations

Written requests for Standards should be addressed to:
